

Solid Phenolic

QUALITY, DURABILITY AND VERSATILITY

EAD presents **SURFACE**, a line of custom products made from premium quality materials. Solid phenolic is manufactured in a single step: the fusion of a phenolic resin core between two decorative surfaces. The result ensures simplified, one-step assembly. Seamless, waterproof and of incomparable sturdiness, this type of material does not rust, does not require paint, and is resistant to vandalism, impact and graffiti. **SURFACE** is ideal for countertops, shelving, tables, locker room benches and much more!

COUNTERTOPS

SURFACE countertops are the ideal long-term solution: no delamination; waterproof; resistant to most soaps and cleaning products; scratch, impact, graffiti and vandalism resistant. **SURFACE** countertops are extremely versatile and perform in any setting, be it in a cafeteria or public restroom.

PRODUCT SPECS

Available thickness :

- Standard : 19mm (3/4")
- Other options available on-demand

Colors and finish :

- Matte finish
- Standard EAD Chart *
- Other options available on-demand

SHELVING

SURFACE shelving is completely custom-made and quick and easy to install. This is the ideal solution for humid environments, as the product is resistant to humidity, condensation and moisture-related issues. Ideal for window shelving, locker rooms, or any other project requiring high-quality, low-maintenance shelving.

PRODUCT SPECS

Available thickness :

- Standard : 13 mm (1/2")
- Other options available on-demand

Colors and finish :

- Matte finish
- Colors EAD White, EAD Gray and EAD Black
- Other options available on-demand

* See eaddesign.ca for more information

TABLES

SURFACE tables are made from durable materials, are scratch and vandalism resistant, and easy to clean. They are a worthwhile investment and ideal for communal areas as well as public spaces.

PRODUCT SPECS

Available thickness :

- Standard : 19mm (3/4")
- Other options available on-demand

Colors and finish :

- Matte finish
- Standard EAD Chart *
- Other options available on-demand

BENCHES

SURFACE benches offer optimal durability against the elements with the added benefit of matching other design elements, such as the partitions, the countertops, and the shelving. Locker rooms are susceptible to high-traffic, humidity, graffiti and vandalism and this is why **SURFACE** benches are an ideal solution.

PRODUCT SPECS

Available thickness :

- Standard : 19mm (3/4")
- Other options available on-demand

Colors and finish :

- Matte finish
- Standard EAD Chart *
- Other options available on-demand

WARRANTY

EAD's **SURFACE** product line is covered by a 25-year warranty that covers delamination, corrosion and manufacturing defects and by a 5-year for warping or buckling.*
